# GRAPHICAL WORK INTRO

I have worked on a number of graphical content for clients and Learning assignments of which include:

- Web Designs
- Smartphone Layouts
- Posters Designs
- Social Posts
- Logo Designs
- Photography
- business Cards

1

## Photography

My photography work includes fashion photography, wildlife photography, event photography & product photography

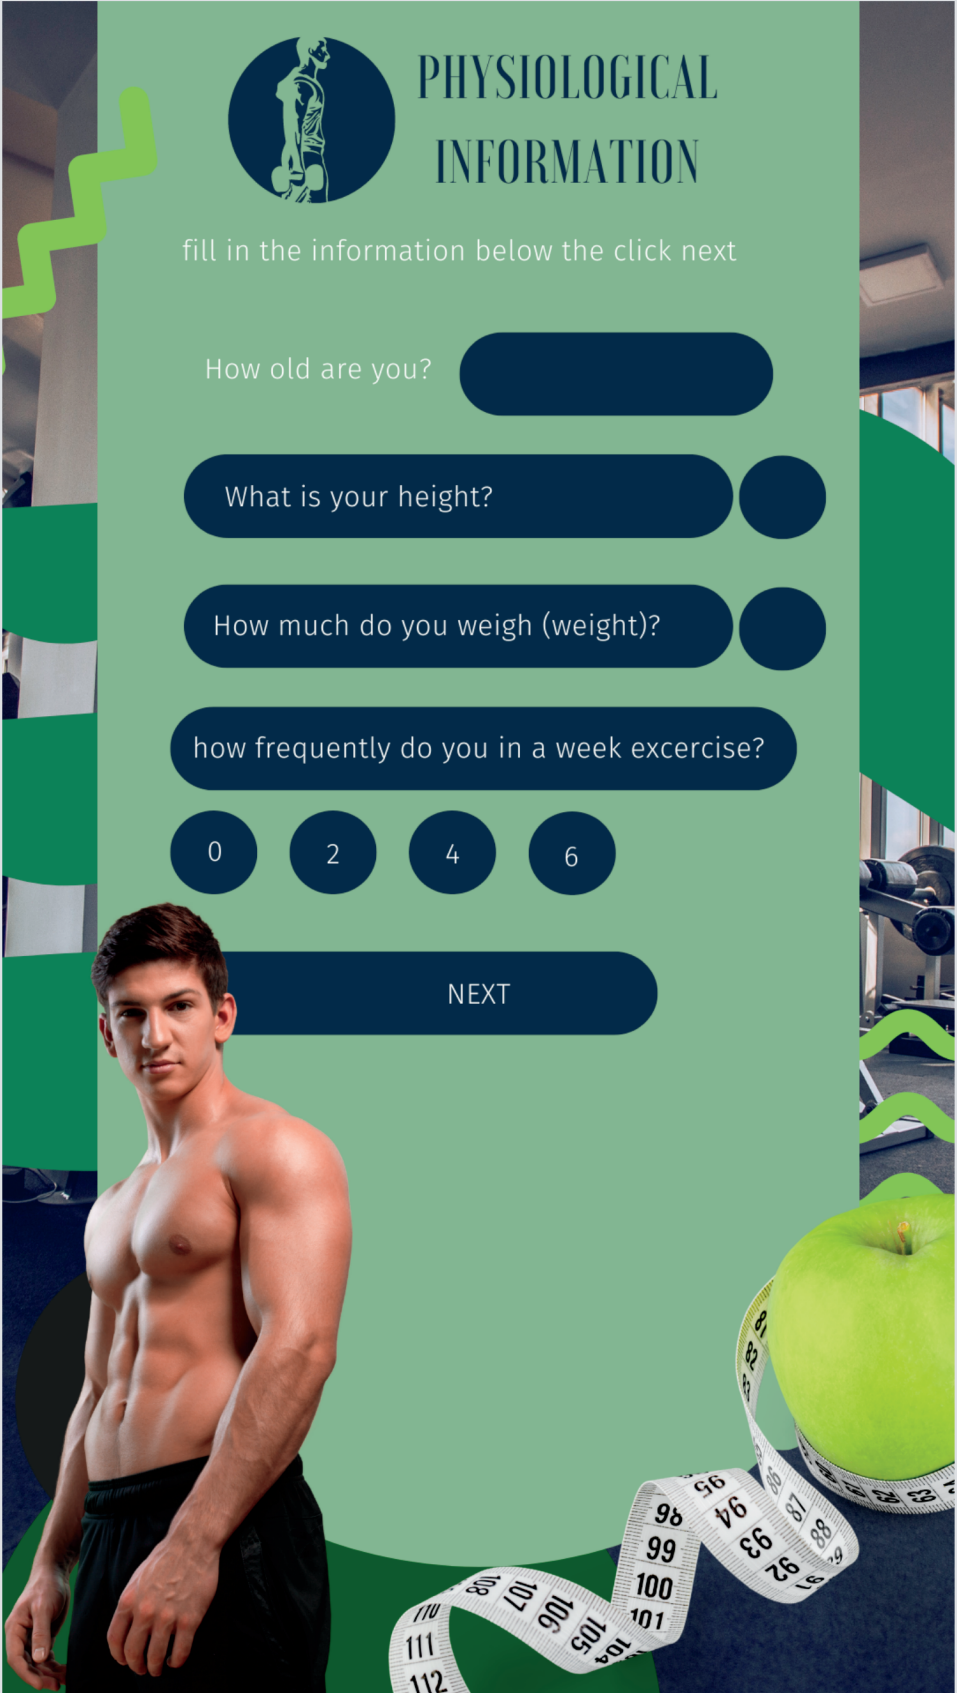

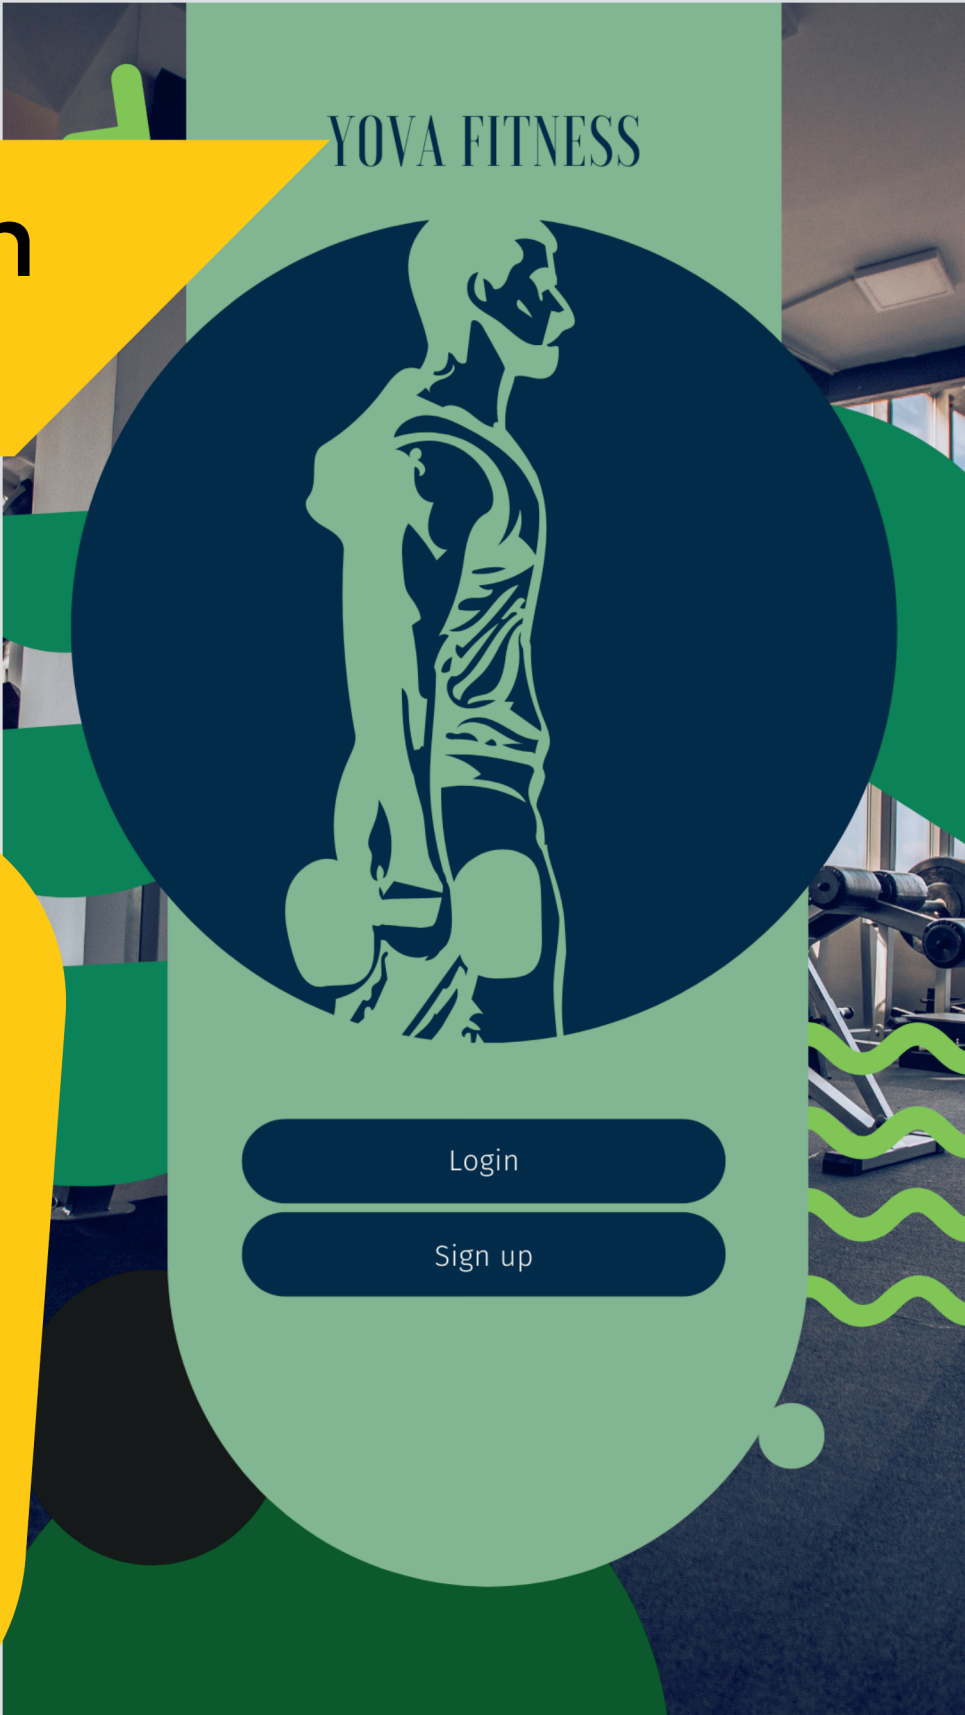

# Mobile Application Layout

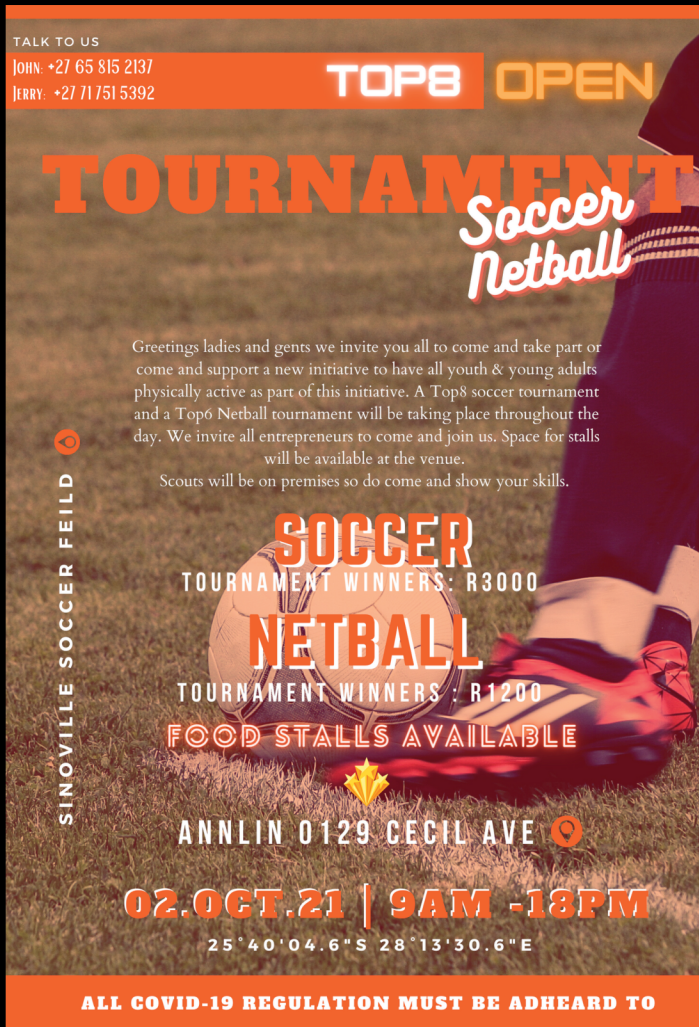

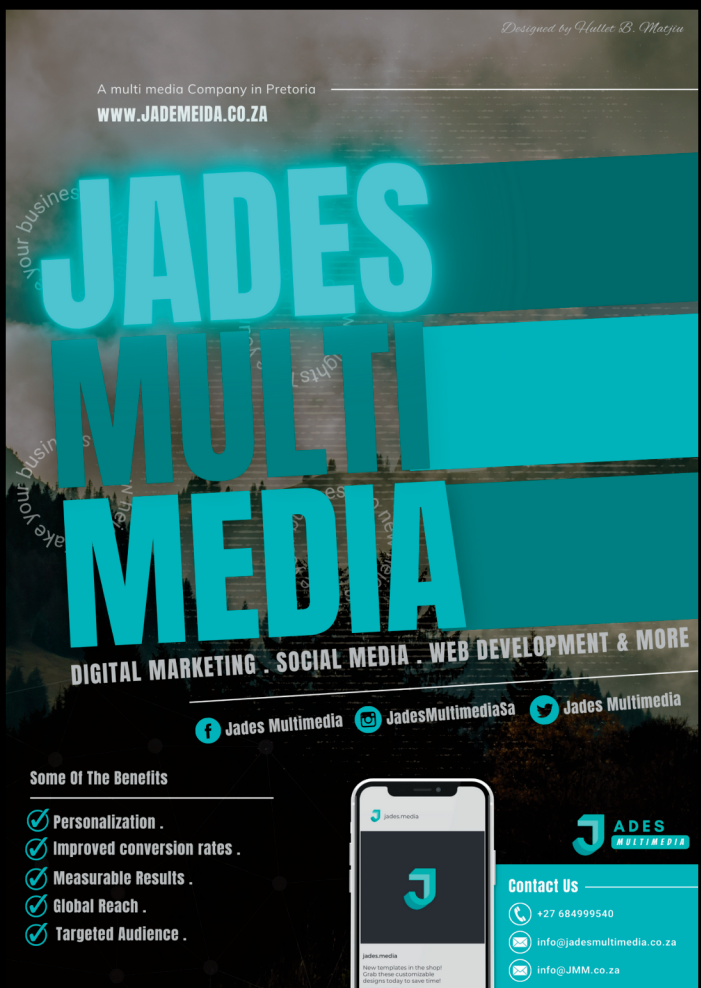

2

## YOVA FITNESS

Yova Fitness is a fitness application that focuses on health and fitness

## CONSENT GIVEN

I clarify that the underlined content is unique and consent has been given by the client to use the content to produce this portfolio.

3

## Poster Designs

The poster designs are my most recent posters and were produced for clients who were exceptionally happy with their outcome

4

## SOCIAL POSTS

The social content is posted on all social platforms

I produced this content for UniverseHost to advertise the business and build an online presence.
